#### CRITERION I – CURRICULAR ASPECTS

##### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum delivery is planned and done as per Academic Calendar issued by RTMNU, Nagpur to which college has affiliated. IQAC prepares academic Calendar of the year. Time table committee designs Time Table for all UG, PG programs as per university norms. It is displayed on notice board. Teachers are informed about their workload and courses. This helps them to prepare teaching plan. The teaching plans are recorded in academic diary. The Principal and IQAC authenticates these daily diaries and attendance record of the students in order to smoothen curriculum delivery process and timely completion of the syllabi. Teachers are expected to execute their course deliverables as mentioned in Teaching plan. Teachers refer to the standard reference books prescribed by University along with latest information available through online and other resources for effective implementation of curriculum. Besides the use of conventional methods, various other teaching methods like Quiz, Group Discussion, Debates, PPT Presentations, Games, Short Films, Industrial Visits, Open book tests, Assignments, Videos, Use of charts and graphs, case studies are used for effective curriculum implementation. Based on semester wise result analysis of every course, corrective measures are suggested by IQAC and bridge courses and remedial lectures are conducted if required. Academic review and feedback is taken periodically. Concerned authorities conduct regular meetings to review the difficulties faced while teaching.

This questionnaire is divided into five categories viz. students' feedback, parents' feedback, alumni feedback, teachers' feedback and employers' feedback. Students' feedback is based on two criterions: Overall college functioning and teaching learning process. Feedback on overall functioning of the college: It is based on the learning environment of the college, canteen facility, functioning of antiragging cell, counselling center, sports facility,</p> |

infrastructural facilities etc. Teachers Feedback (Teaching and Learning Process): This feedback covers teaching learning process, punctuality, communication skills, approach towards the students, sharing of innovative ideas etc. We have emphasized on teachers innovativeness, use of ICT in teaching methodologies interactive teaching and students' involvement in learning. We collect individual teachers feedback and analyze it .The analysis is reported to the head of the institution, IQAC, management members for corrective measures and it is communicated to the individual teacher for further improvement. Parents' feedback is based on overall development of their ward and about learning environment in the college as well as imparting value based education in their wards. We have registered alumni association whose feedback is based on role of the college in the development of students' personality and employability, academic excellence. Also how the institution has helped them to acquire the life skills. Teacher's feedback is taken on their views about the curriculum provided by our affiliated University. Also their suggestions on the curriculum are submitted to the parent University. Employers Feedback We are also taking the feedback on the current curriculum by the employers (Industry Experts) and their views as per the current scenario. Addon and Value Added Courses are designed based on this feedback. Placement cell also takes cognizance of this feedback while organizing training sessions.

## 7.2 – Best Practices

### 7.2.1 – Describe at least two institutional best practices

**BEST PRACTICEI:** Title of the Practice: Improving teachinglearning process.  
**Objectives:** • To achieve maximum result in accordance with the vision and mission of the institution. • To encourage and promote the advance as well as slow learners with innovative techniques. • To support the students in using advance technology and lead them towards progress in academic activity. • To improve the pass percentage and enhance the number of rank at University level examinations. • To encourage teachers to adopt the technological advancements including ICT adaptations in classroom teaching. • To ensure the completion of syllabus according to the academic planner of each department. **Context:** The staff members confront many problems to keep abreast with the technosavvy

students. It has become the need of the hour for some of the teachers to adopt to the latest pedagogy styles and include ICT in classroom teaching. The mismatch between the students and the teachers in the use and the comfort of handling varieties of the tools available for teaching learning needs to be bridged. Practice: Computer department staff and programmers train the teachers in the use of PowerPoint Presentation. Browsing the internet for useful resources, use of Google Docs for information sharing, uploading content on the college website. Informal feedback is obtained from the students regarding the content delivery by different teachers. The teaching learning members hold meetings often and called out the information needed. Two classrooms are ICT ready and some other departments have the necessary tools to handle the classroom teaching with the help of ICT. Frequent assignments, tests and evaluations are conducted to improve the performance in the semester end examination. Evidence of Success: • Improvement in results. • Balanced pace and completion of syllabus in due course of time. • More students are attending classes. • Some of the teachers willingly started modern pedagogy styles and ICT in their classes. • Some of the notes are uploaded on the website. Problems Encountered and Resources Required: The demand of ICT resources is increasing and the shortage of the fund has been the biggest problem which may discourage the spirit of the technology and adoption by teachers. Development of Documentary based PowerPoint Presentation in teaching particularly in Arts subjects has been hindered due to the want of inhouse technical expertise. BEST PRACTICEII: Title of the Practice: Charitable Support to the poor students for education. Objectives of the Practice: • To promote the generosity and spending money on the deserving poor students who can't afford the higher education. • To create sympathy among the students for the less privileged students. • To inculcate human values among them. • To promote social responsibility in institutional environment. • To fulfill the mission of the institution by making students responsible citizens. • To respect their selfesteem while doing charity for the poor and needy students. • To create the atmosphere of the brotherhood and harmony among them. Context: The New Nandanwan area in which our institution is situated surrounded by the lowermiddle class habitats and slums. Most of the stakeholders who seek admissions in our college are from lower middle class, poor and BPL card holders. Their parents are either hawkers, masons, carpenters, labourers or salesman. There are some students who are bright but they can't pursue their education due to financial problems. It is the primary responsibility of the institution to inculcate the good values and better citizens of the India as per the mission of the Institution. Practice: This practice of charity started when the small group of socially motivated teachers and students voluntarily proposed the idea and visited the homes of the poor students who stay in slum. The students also contributed to the administration as per their affordability. Gradually more teachers and students involved in this mission. The mission which started as a humble initiative now growing. Many students and teachers are participating in it under the supervision of the Institution. Our staff members visit their homes, identify their problems when they are convinced we adopt them for academic purpose. Their expenses of education are borne by the institution. Some of the students who have good financial background collect some money and handover to the administration. The teachers spend some free time with the poor and needy students, interact to them and listen to their problems. Evidence of Success: There are students who continuing their education smoothly. The name are as follows: 1. Fatima Sheikh 2. Farhana Sheikh 3. Preiti Meshram 4. Sapna Thakre 5. Priya Bhure 6. Ruchika Rakhunde After observing this noble practice, some of the generous teachers from our college come forward for financial assistance for further education. Problems Encountered: Initially the parents were reluctant to get financial support from the institution because of their selfrespect. When they realized that the financial aid to their wards will be kept secret any how they acceded to the idea. The institution is willing to

increase the number of beneficiaries but due to the financial limitations it becomes difficult to increase the number. The institution requires more financial support from outside to sustain this practice and enlarge its context.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

• The college true to its vision and mission of reaching to the first generation learners coming from slum and rural areas with special emphasis on their overall development is providing quality education to the students. There are 200 students from slum areas and more than 50 students come from the distance of more than 15 km. skipping the other educational institutions get admissions in our institution and having the facility of quality education. The girls come to take education from slum areas of Hassanbagh, Nanadanwan, Bhandewadi, Dumping Yard, Ramteke Nagar, Pardi, Kalmana, Deputy Signal area and from rural areas of Gumthala, Dighori, Kapsi, Mahalgaon, Wadoda, Mouda, Temsana and so all. The reason for such good response for admissions is that the institution has earned its trust, name and fame as an institution paying attention to the safety measures of the girls, caring and providing timely guidance to the girls related to their education and other issues and problems, informing the parents about the progress of the students, helping the students with respect to their economic and health related problems and implementing all the programs, facilities, activities, considering the students as the members of family. The institution is imparting education to the girls coming from rural background especially the girls of the farmers and labourers in large number are admitted in the institution. The trust that the institution has earned since its opening of the masses and the students and the parents in and around the city and especially from the rural belt of the Nagpur become clear from the fact that more than 50 girls prefer this institution for the higher education. In addition to the teaching of curriculum, the cocurricular, extracurricular and extension activities are organized for the overall development of the students. The guest lectures, expert lectures, competitive exam guidance, short term and certificate courses for the students, industrial visits, educational visits, enrichment programs, bridge courses, and the best practices ensure the overall personality development of the girls to realize the vision and mission of the institution. • Our Institution has unique distinctiveness in accordance with the vision of the institution in the domain of the saving energy and using the best resource of natural energy that is Solar Power Energy. Our institution has installed solar power system. The whole institution runs on this solar power system. It helps to curtail the pollution of the college premises. It is as good as planting 50000 trees. It conserves and protects environment and maintain natural balance. It also curtail the maintenance expenses and improve the health benefits.
